FURNITURE COLLECTIONS FOR VAL AND PRO S

LAUFEN's furniture collections – Base, Base 2.0, and Juna, present a versatile and design-led approach to bathroom storage. Each offers a distinct identity, yet all are united by LAUFEN's signature blend of quality, innovation and elegant aesthetics.

With its minimalist lines and practical layout, Base delivers a clean, contemporary look that suits everyday use – making it a smart, stylish solution for a wide range of interiors.

A refined evolution of the original collection, Base 2.0 features slim proportions, architectural lines and discreet recessed handles. Designed with adaptability in mind, it offers extensive flexibility across the entire bathroom space.

The Juna furniture collection introduces a tactile fluted design that adds depth and subtle texture. Inspired by soft geometry and refined materials, Juna is a contemporary furniture collection that brings elegance and calm to the bathroom.

All three collections are designed to pair effortlessly with LAUFEN's Val and Pro S ceramic basins, creating a harmonious connection between furniture and basin for a beautifully integrated bathroom space.

SUSTAINABILITY

As a leading manufacturer of bathroom products, as an employer and as a partner, LAUFEN is able to make a significant contribution to a more sustainable world. We are determined to do so. This ambition drives LAUFEN to focus on innovations that will enable the company to transition efficiently to a circular economy, contributing to the UN Sustainable Development Goals, and setting the course for inclusive growth and long-term success.

In our furniture, this strategy translates into:

- Timeless furniture design that outlives short-lived fashion trends
- Sourcing of wooden materials exclusively from European FSC and PEFC certified sources
- Production and component procurement in Europe
- Elimination of styrofoam packaging material, replacing it with recycled cardboard
- Furniture foils and wood veneer fully recyclable
- Formaldehyde levels being kept strictly below the European guideline value, compliant with REACH and CARB2
- An extensive range of spare parts that enables repairs and extends the lifespan of the furniture

FURNITURE FINISHES

With practical technology, a variety of surface finishes and an extensive palette of colours, our BASE, BASE 2.0 and JUNA ranges are suitable for the most challenging, uncompromising bathroom design.
